Happy New Year, Catherine

First off, thank you so much for your support for our local Laurel Canyon issues. Much appreciated.

Next, I'd like to call your attention to a growing problem at the two intersections adjacent to our Wonderland School.

We are experiencing increased traffic as commuters find ways to avoid Laurel Canyon Boulevard - using GPS apps, like Waze.

These commuters and many local residents are not bothering to stop at either of the intersections — perhaps because the stop signs and crosswalks are hard to see.

Take a look at the short video below. This is typical all day long.

I'm going to follow this email with a set of recommendations.

Thanks again for your time, Rick Seireeni

Also, copied here is our neighbor, Kevin James.

The video shows the intersection at Lookout Mountain and Wonderland Avenues.

First off, thank you so much for your support for our local Laurel Canyon issues. Much appreciated.

Next, I'd like to call your attention to a growing problem at the two intersections adjacent to our Wonderland School.

We are experiencing increased traffic as commuters find ways to avoid Laurel Canyon Boulevard - using GPS apps, like Waze.

These commuters and many local residents are not bothering to stop at either of the intersections — perhaps because the stop signs and crosswalks are hard to see.
